# Introduction

---

The child and family services system in Manitoba is undergoing a major restructuring. This booklet provides a summary of how services will be provided in the Thompson region as a result of the restructuring.

A map depicting the geographic Thompson region is provided on the inside front cover of this booklet.

Please note that the information in this booklet is current as of April 2005. Service arrangements may evolve as the restructuring process is implemented across the province.

# THE AJI-CWI: A New Approach to Child and Family Services in Manitoba

---

The child and family services system works to protect children at risk of abuse or neglect. It supports and strengthens the well-being of families, especially those experiencing difficulties in caring for their children.

Child and family services in Manitoba are currently undergoing a major restructuring through an initiative called the Aboriginal Justice Inquiry – Child Welfare Initiative (AJI-CWI).

The AJI-CWI is a joint initiative of four parties:

- ◆ Manitoba Keewatinowi Ininew Okimowin
- ◆ Manitoba Metis Federation
- ◆ Assembly of Manitoba Chiefs
- ◆ Province of Manitoba

The parties have worked together to develop a new system that:

- ◆ recognizes and respects the cultural diversity of Manitoba
- ◆ returns to First Nations and Metis peoples the right to develop and control the delivery of their own child and family services

In the new system, the delivery of child and family services is a shared responsibility between the Province of Manitoba and Aboriginal peoples. The most fundamental change is the delegation of responsibility for the delivery of child and family services from the Province to four new child and family services Authorities, three of which are Aboriginal Authorities.

The four new Authorities are:

- ◆ First Nations of Northern Manitoba Child and Family Services Authority
- ◆ Metis Child and Family Services Authority
- ◆ First Nations of Southern Manitoba Child and Family Services Authority
- ◆ General Child and Family Services Authority

This change is legislated through *The Child and Family Services Authorities Act* of the Province of Manitoba, proclaimed November 24, 2003.

Upon completion of the restructuring (being implemented on a region-by-region basis) all four Authorities and their agencies will provide services throughout the province. Aboriginal children and families will have access to culturally appropriate child and family services through Aboriginal agencies, no matter where they live in Manitoba.

---

## Vision Statement

*A child and family services system that recognizes and supports the rights of children to develop within safe and healthy families and communities, and recognizes that First Nations and Metis peoples have unique authority, rights and responsibilities to honour and care for their children.*

---

## Mission Statement

*To have a jointly coordinated child and family services system that recognizes the distinct rights and authorities of First Nations and Metis peoples and the general population to control and deliver their own child and family services province-wide; that is community-based; and reflects and incorporates the cultures of First Nations, Metis and the general population respectively.*

# Child and Family Services Authorities and Agencies Serving the Thompson Region

---

Six agencies from the three Authorities will be the primary service providers in the region:

## Northern First Nations Authority

- ◆ Awasis Agency of Northern Manitoba
- ◆ Cree Nation Child and Family Caring Agency
- ◆ Kinosao Sipi Minisowin Agency
- ◆ Nisichawayasihk Cree Nation Family and Community Wellness Centre

## Metis Authority

- ◆ Metis Child, Family and Community Services

## Southern First Nations Authority

- ◆ A service agreement will be signed to provide services to children and families from southern First Nations communities.

## General Authority

- ◆ Rural and Northern Services - Thompson

Please note that child and family services may be provided by other agencies in the province, but the six agencies profiled in this booklet have primary responsibility in the Thompson region.

A map depicting the geographic Thompson region is provided on the inside front cover of this booklet.

# First Nations of Northern Manitoba Child and Family Services Authority

---

On behalf of the First Nations of Northern Manitoba Child and Family Services Authority (Northern CFS Authority) and its affiliated agencies, I extend greetings to everyone. All parties involved in the restructuring process of child and family services have been extremely busy preparing for the transfer process. The Northern CFS Authority will strive to create a positive accountable model that will nurture and support our alternative care resources in a manner that reflects the First Nations aspirations, philosophy, goals and values.

The opportunity has been created to effect change to child welfare practices and standards through the Aboriginal Justice Inquiry - Child Welfare Initiative (AJI-CWI). The agencies of the North, through the Authority, now have the ability to provide a more culturally significant way of delivering services through a First Nations worldview.

Within our First Nations, there are various methods of alternative, kinship and customary care that are being utilized by our agencies. With the premise that children are “a gift from the Creator and are our future”, the family, extended families and community are the first who can offer assistance when families need temporary help. The assistance of caregivers who open their hearts and home to our children is valued and appreciated.

With the Northern CFS Authority working closely with the agencies, we will now be able to effect culturally appropriate changes to the existing provincial system that will strengthen and support our caregivers.

---

The Northern CFS Authority works with five First Nations child and family service agencies in Northern Manitoba. The member agencies are:

- ◆ Awasis Agency of Northern Manitoba
- ◆ Cree Nation Child & Family Caring Agency
- ◆ Island Lake First Nation Family Services
- ◆ Kinosao Sipi Minisowin Agency
- ◆ Nisichawayasihk Cree Nation Family and Community Wellness Centre

Nisichawayasihk Cree Nation Family and Community Wellness Centre will be the host agency for the amalgamated office in Thompson, which will be situated in the provincial building on an interim basis until a permanent location is found.

Cree Nation Child and Family Caring Agency, Kinosao Sipi Minisowin Agency and Nisichawayasihk Cree Nation Family and Community Wellness Centre will share the office space to deliver services to its First Nations members in the Thompson region.

## Nisichawayasihk Cree Nation Family and Community Wellness Centre

In March of 2000, the Nisichawayasihk Cree Nation (NCN) Family and Community Wellness Centre was established following an intensive community consultation process.

The consultation process resulted in the development of a fully integrated health related and child and family service system, acknowledging the strength of First Nations families and recognizing how much can be accomplished by working together.

Nisichawayasihk Cree Nation (NCN) Child and Family Services is one element of our integrated service delivery model and remains committed to using strength based approaches to support and build respectful relationships with our children and families.

The NCN Family and Community Wellness Centre has adopted a mandate which reflects this commitment and is as follows:

- ◆ To deliver mandated child and family services within a community capacity building and health promotion orientation;
- ◆ To oversee the implementation of health related services; and

## Metis Child and Family Services Authority

---

The Metis Child and Family Services (MCFS) Authority wish to extend greetings to individuals in Manitoba's Thompson region. As many are aware, the last year was extremely busy for the board and staff of the MCFS Authority as we prepared for the opening of the first Metis-specific child and family services agency in the history of Manitoba, which took place on June 3, 2004.

The establishment of Metis Child, Family and Community Services (MCFCS) has been a longstanding dream within the Metis community. It was with great excitement and enthusiasm that we received the formal mandate from the Province of Manitoba to deliver child and family services province-wide on September 13, 2003, and the subsequent Proclamation of *The Child and Family Services Authorities Act* on November 24, 2003.

While these events, combined with our agency launch in June of last year, were major milestones for the Metis Authority and agency, we continue to focus our attention and efforts on detailed planning and development to ensure that we are adequately prepared to begin delivering mandated services to families.

MCFCS has a single-agency structure with a head office located in Winnipeg. Although the majority of administrative tasks will be managed centrally through the head office, services will be developed and provided on a regional basis.

.....

We are currently planning and developing services on a region-by-region basis. MCFCS will directly deliver services throughout the Thompson region.

We are excited about the months ahead and we look forward to working with individuals, families, and organizations as we implement our mandate and work to roll out services throughout the province.

## Metis Child, Family and Community Services

Metis Child, Family and Community Services (MCFCS) is the first child and family services agency established in the history of Manitoba to support and strengthen Metis, Non-Status and Inuit children, families and communities throughout the province.

Our efforts are focused on serving the best interests of our children, families and communities. Our focus is to promote the health and well-being of our children and families by building on the capacity of our communities through the provision of culturally sensitive and appropriate programs and services.

We will accomplish this by ensuring our programs are responsive and accountable to the communities we serve. We will offer an alternative method of intervention and prevention that is holistic and family centred. We believe that involvement of family and community is essential when working with children who are at risk of entering the child welfare system.

We operate under the following mission statement:

*Metis families and communities have the right and responsibility to care for children. Our mission is to ensure children and families are served with dignity, respect, and understanding throughout the delivery of Metis community-based family services and support programs, so that we may serve to strengthen the Metis child, family and community.*

Our service delivery is guided by the following principles:

- ◆ Metis families and communities are the cornerstone of the Metis Nation and the service delivery system must reflect this vision
- ◆ Responsibility for decision-making regarding Metis children and families lies with the family, extended family and community whenever possible
- ◆ The organizational structure promotes and supports community governance at all levels

- ◆ The service delivery system will encompass both formal and informal elements
- ◆ The service delivery system must be operated in an efficient and effective manner
- ◆ The service delivery system will be outcome-based and will reflect the core guiding principles of MCFCS

Our approach in working with children and families is holistic. We recognize that children require a permanent, stable, safe and nurturing environment where they receive adequate nutrition, shelter and clothing. As well, a child's unique strengths and needs must be assessed and attended to in order to maximize the child's emotional, social, academic, spiritual and cultural growth.

Overriding all these needs is the firm belief that maintaining family and community connections and decision-making power within the community is essential to healthy child development. Children must be provided with the skills necessary to access resources and maintain and build relationships to make a healthy transition into adulthood.

We look forward to the future where we will all work together to build stronger families and communities.

*We can make the sun rise tomorrow for children and families of the Metis Nation.*

# First Nations of Southern Manitoba Child and Family Services Authority

---

In 2000, the Assembly of Manitoba Chiefs signed an historic agreement with the Province of Manitoba that would begin the process of restoring responsibility to First Nations for child and family services to their own people living off-reserve.

In Manitoba, First Nations have been providing child and family services to their own people living on-reserve for over twenty years. With the proclamation of *The Child and Family Services Authorities Act*, First Nations are now able to begin providing these same services to their First Nations citizens wherever they live in Manitoba.

The First Nations of Southern Manitoba Child and Family Services Authority is an incorporated body that has been assuming the duties and responsibilities that *The Act* assigns to it. This has included developing the management, financial, operational, information technology, human resources, and program capabilities, while at the same time continuing to participate in the transitioning of the child and family services system in Manitoba.

First Nations of Southern Manitoba Child and Family Services Authority presently has a staff of thirteen and a Board of Directors that govern their work. We currently work with seven First Nations child and family services agencies, which in turn provide a full range of culturally appropriate child and family services to 36 First Nations.

---

These agencies are:

- ◆ Anishinaabe Child and Family Services
- ◆ Dakota Ojibway Child and Family Services
- ◆ Intertribal Child and Family Services
- ◆ Peguis Child and Family Services
- ◆ Sagkeeng Child and Family Services
- ◆ Southeast Child and Family Services
- ◆ West Region Child and Family Services

As of July 1, 2004, all southern First Nations child and family services agencies had their mandates extended to enable them to provide services to their off-reserve residents. However, the Southern Authority's area of responsibility is mainly to those First Nations communities encompassed within southern Manitoba; therefore, we do not receive many requests for service in the Thompson region. For these reasons, services to our residents living in the northern part of Manitoba will occur through a service agreement.

# General Child and Family Services Authority

---

The General Child and Family Services Authority (General Authority) has been created as a part of the restructuring of the child welfare system to oversee the delivery of child and family services to non-Aboriginal people throughout Manitoba.

The responsibility for the delivery of services for non-Aboriginal persons and all others who choose the General Authority will rest with one of the following General Authority agencies:

- ◆ Child and Family Services of Western Manitoba
- ◆ Child and Family Services of Central Manitoba
- ◆ Jewish Child and Family Service
- ◆ Churchill Child and Family Services (a program of the Churchill Regional Health Authority)
- ◆ Winnipeg Child and Family Services
- ◆ Rural and Northern Services - Interlake
- ◆ Rural and Northern Services - Eastman
- ◆ Rural and Northern Services - Parkland
- ◆ Rural and Northern Services - Northern

All of these agencies have been in operation for many years and will continue to deliver child welfare services in their particular geographical regions. They continue to be responsible for receiving referrals from their communities, investigating child abuse allegations, and providing all services under *The Child and Family Services Act* and *The Adoption Act*, including licensing foster homes.

The role of the General Authority, as articulated in *The Child and Family Services Authorities Act*, is as follows:

- ◆ To ensure that child and family services are delivered through a network of agencies to all children and families falling under the jurisdiction of the General Authority who require these services
- ◆ To advocate for the delivery of high quality services throughout the General Authority agencies
- ◆ To fund the agencies under its jurisdiction for regional and community based programs and services
- ◆ To ensure compliance with legislation, regulations and standards

The General Authority is governed by a Board of Directors appointed by the Minister of Family Services and Housing for the Province of Manitoba. The Board is a governance board which takes the lead role with the General Authority in promoting and supporting innovative programs within the agencies. The AJI-CWI has created a unique opportunity for all Authorities and service providers to critically examine all of the assumptions behind the traditional delivery of child welfare in this province.

The General Authority welcomes this opportunity. With the leadership of the General Authority and the continued work of the agencies, the future of services to children and families will be reformed and enhanced. The well-being of all children living in the province continues to be the prime directive for all child welfare practitioners. Innovative and creative alternatives to the more traditional delivery of services is what is driving the whole system under this initiative...we need to preserve what is good for children and change what doesn't work anymore.
